

Admission to UCOL

Important Information

Kia ora and welcome to UCOL. We want to do all we can to help you succeed in your study, and to help you achieve that success we now have an Admissions process.

The Admissions process aims to make sure you are studying at a level you are prepared for. To achieve this UCOL needs you to provide some information about your qualifications, or achievements and experiences when you send in your application form.

Admissions is all about helping you to find the right level of study and academic pathway for you to succeed at UCOL. We will work with you to find the point of entry that meets your individual needs and requirements.

We want every person to have the opportunity to learn at UCOL, and the Admissions process has been introduced to make sure you are ready to succeed here, so send in your application now.

After successfully completing the Admissions process, your enrolment will be processed subject to any programme entry requirements.
